

School Details –

At HeadStart we aim to stimulate students' minds, as well as to encourage them to push beyond perceived traditional academic boundaries. It is our intention that through employing dedicated, enthusiastic and inspiring teachers, we will enthuse all our students to reach their potential and exceed expectations. We deliver a well-rounded personalised educational experience. We pride ourselves in being a community school, emphasising individual learning.

HeadStart is based in the centre of Phuket Island and gained 'International School' status in 2010. We are now a fully accredited International School with The Education Development Trust, having been awarded the International Schools Quality Mark (ISQM). The most recent accreditation showed the school to be a 'Good School with Outstanding Features'.

We have been offering Cambridge qualifications throughout all Key Stages and iGCSEs for many years. The school now has over 650 students on roll and is oversubscribed in most year groups.

In August 2015 the school entered the latest phase in its exciting and rapid development when we moved into to a new state of the art campus. As part of the move to the new school, we also opened our Sixth-Form and had the first cohort completing their A Level examinations in 2017. Some of these students have been with HeadStart since the very beginning and have now graduated to worldwide universities.

In August 2018, the school will be expanding to three-form entry up to Year 8 and for this reason a number of new job vacancies have become available.

Head of EAL and MFL –

This is an exciting opportunity to be the first of Head of a newly formed faculty. EAL has been put alongside the MFL subjects and we are looking to appoint a well-qualified EAL teacher who can lead the development of our EAL support throughout the whole school and also lead the MFL faculty, through line managing the MFL coordinator. This post-holder would also work closely with the Head of English and Humanities in order to develop strong links between both English and EAL.

This post would be suitable for someone with strong leadership, organisational and managerial skills and proven track record in improving student attainment in a middle-management position. We are looking for someone who has extensive experience of EAL teaching and support who understands how students learn language acquisition.

We are looking for highly committed team players with drive, energy and passion, who will inspire a love of learning within their students. A good sense of humour and an excellent work ethic are essential.
