Word problems

- Mathematical vocabulary: More than, less than, greater than, fewer, smallest, total, altogether, difference between, plus, each...
- How much...? How many...?

Answers/Responses:

Ensure you read the question carefully (read it again if you need to).

Look for key words – what is the question asking you to do?

Re-read your answers to check they make sense.

If you have any time left at the end of the test – go back and check through your answers.

Try to answer every question.

Exam Advice:

- ✓ When stuck on a question move on to the next one and come back to it.
- ✓ Try to write something for every question. No answer means no marks awarded.
- ✓ Check answers for any careless mistakes. For example, check your 4's don't look like 9's.
