

School Details –

At HeadStart we aim to stimulate students' minds, as well as to encourage them to push beyond perceived traditional academic boundaries. It is our intention that through employing dedicated, enthusiastic and inspiring teachers, we will enthuse all our students to reach their potential and exceed expectations. We deliver a well-rounded personalised educational experience. We pride ourselves in being a community school, emphasising individual learning.

HeadStart is based in the centre of Phuket Island. We started as a home school in 2005, gaining 'International School' status in 2010. We are now a fully accredited International School with The Education Development Trust, having been awarded the International Schools Quality Mark (ISQM). We have been offering Cambridge qualifications throughout all Key Stages and iGCSEs for many years. The school now has over 600 students on roll and is oversubscribed in most year groups.

In August 2015 the school entered the latest phase in its exciting and rapid development when we moved into to a new state of the art campus. As part of the move to the new school, we also opened our Sixth-Form and have the first cohort completing their A Level examinations in 2017. Some of these students have been with HeadStart since the very beginning and will now be graduating to worldwide universities.
