GOGOLYBLO

gogolyblo , gogolyblo, you heard me right, that's the call
Sweets and pees and teas he lays, and benutches kids for him to play
Look about, Look about, see if there's a slumby mouth
Leeks and teeks he will make to make you all run away

Gogolyblo, Gogolyblo, will benutche the kids with his claws,
Flings and swings and clings them tight with his foboli, smogodi paws.
Jumpydipo, humpydipo, that would be his gump gump jaws,
Tonks and monx the mimsy treats without even a pause.

Gogolyblo, Gogolyblo, will twirl and whirl with his Flapty flops,
Woosh and coosh, loosh and toosh , that would be your final call
Zibber-zabber, squizzle-sqaber, that's what you get for eating his cracker
Bramble and brumple, sneetle and snuff, down his throat you'll end up

Gogolyblo, Gogolyblo, will gerk and berk till night will fall
He'll Gomp and homp the muggydy floor with a grin that scares all.
Gogolyblo, Gogolyblo, remember it's the monstrous call
kids pids, lads tads, beware of whoever is that
